

# AIR CARGO BORDER EFFICIENCY

## 1st half 2018

Estimates made by measuring the time of arrival of the cargo by air at destination until the handover of the cargo to the consignee, period in which the custom clearance process generally takes place. Approximation based on 6,811,055 shipments handled by Cargo iQ members between 1st January 2018 and 30th June 2018.

Average days for the processing of air cargo in international borders

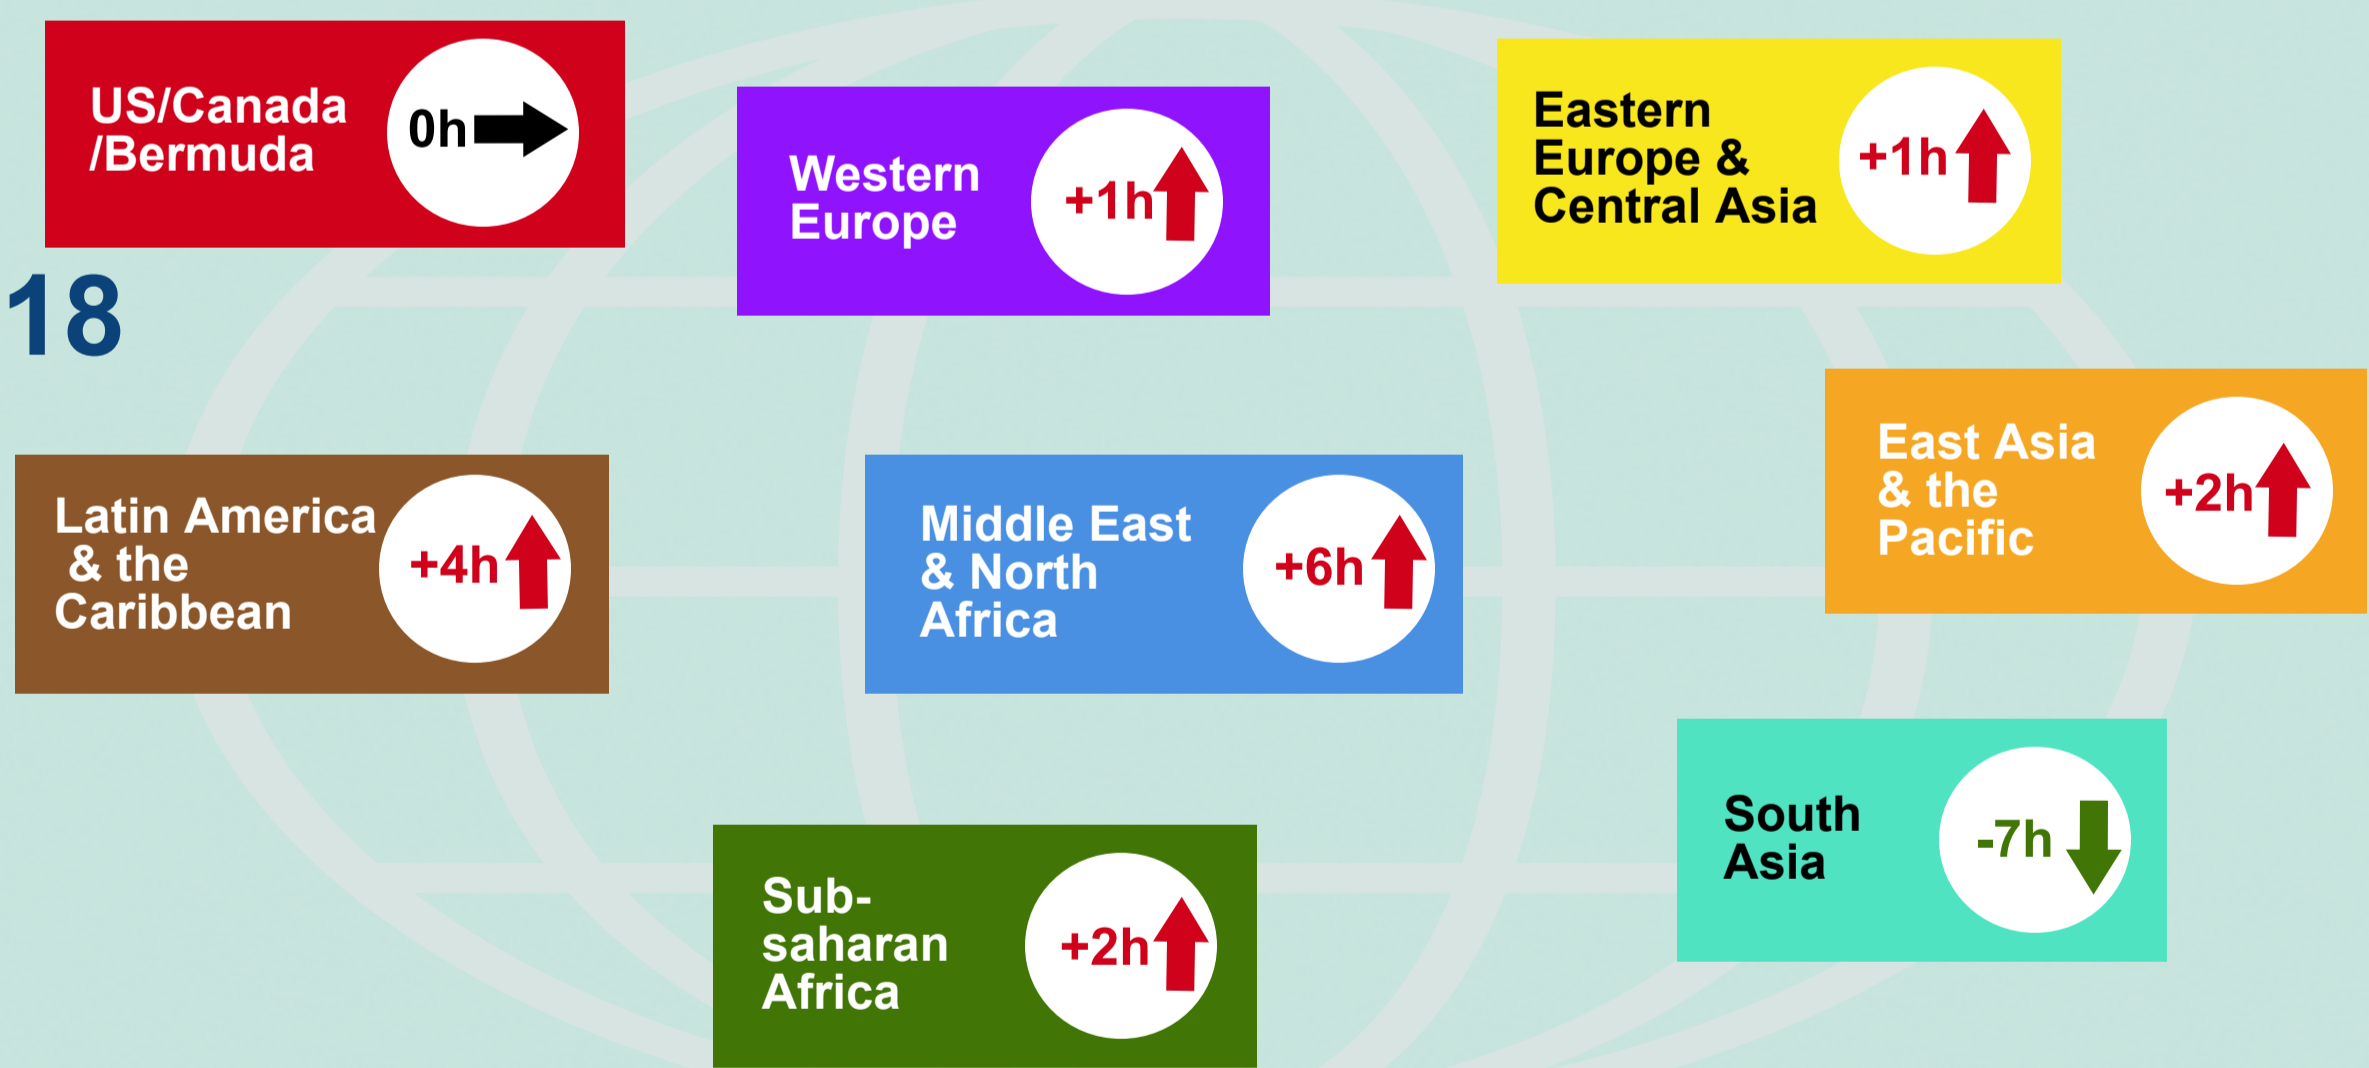

**GLOBAL AVERAGE**  
1.41 days

Global average corresponds to **23%** of average door-to-door time

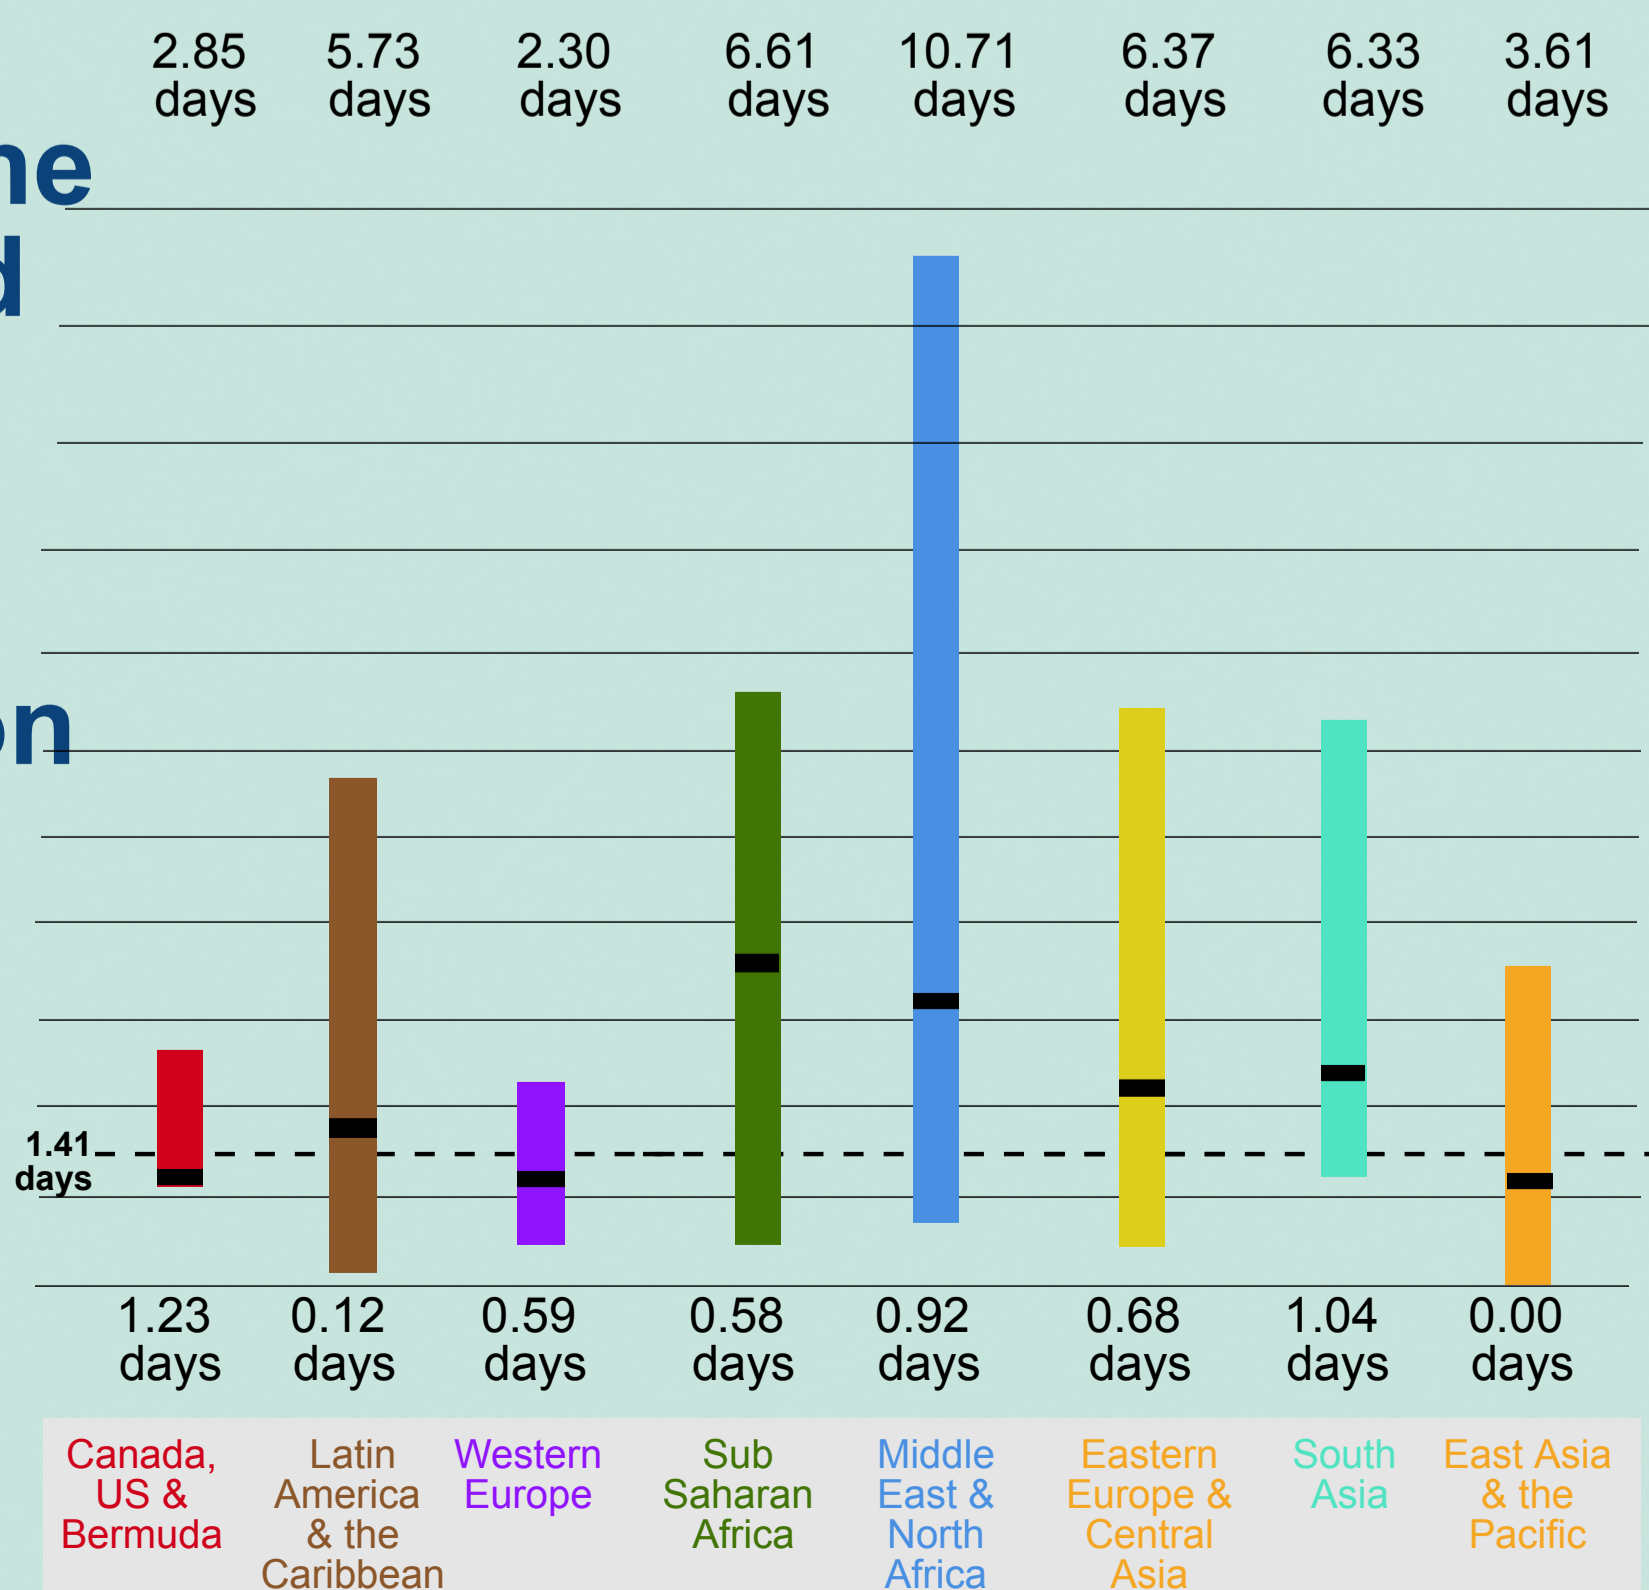

Average (in days)

- US/Canada/Bermuda
- Latin America & the Caribbean
- Western Europe
- Sub-saharan Africa
- Middle East & North Africa
- Eastern Europe & Central Asia
- South Asia
- East Asia & the Pacific

### Difference between the average in 1st half/2017 & 1st half/2018

### Difference between the lowest and highest country average in each region
